## Table of Contents

12-59 Who we  
portray---

60-89 What we  
reflect---

90-149 The poses  
we assume---

150-175 The  
reflections  
of our past

As we return to start a new school year we begin to portray our role in school. The character of the student is being molded throughout the year. The student takes advantage of the opportunities offered, and learns through the errors made.

### BROTHER JOSEPH DONOVAN, S.C.

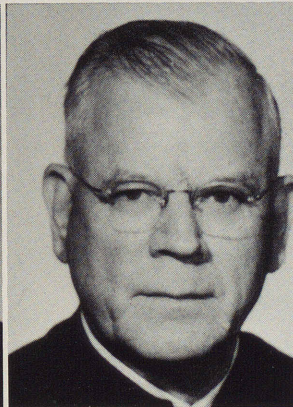

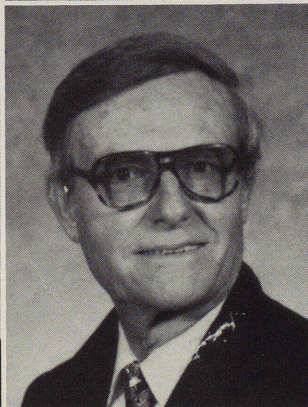

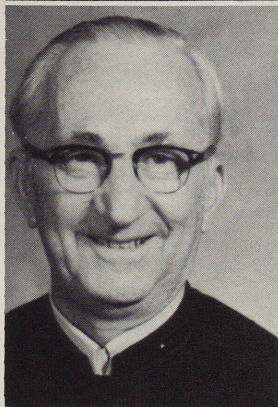

For the past fifteen years Brother Joseph Donovan has been vitally involved in the operation of the school and in the lives of the students. In addition to his serving as prefect for seniors and juniors during all of these years he has, for different periods of time, served as teacher, Student Council Moderator, disciplinarian, and Assistant Principal. Innumerable construction and repair projects have been successfully completed because of this mechanical and electrical know-how. This exceptionally gifted and very personable religious man exemplifies the total dedication to the vocation he has chosen in helping young men to mature into responsible Christians.

Using the freedom for service that his life of vows makes possible, Brother Joseph remains totally available to assist students in their time of need. Thousands of young men are better persons because their lives have been influenced by his understanding guidance and straight forward counsel. To know him is to respect and admire this man of God, this model of a man's man, this impressive religious gentleman. That he is a point of reference in the lives of many people is evidenced by the large number of alumni and former students to continually come back to St. Stanislaus wanting to visit with Bro. Joseph and talk over old times.

The Brothers of the Sacred Heart and St. Stanislaus have been singularly blessed in the person of Bro. Joseph. His faith in God and devotion to duty are hallmarks that he impresses on all those with whom he comes in contact. May the Sacred Heart grant him length of days in a work that he performs so admirably. May the Sacred Heart continue to bless him and all of his endeavors as we acknowledge the great meaning that he occupies in our lives.

#### BROTHER ELDON, S.C.

Brother Eldon Crifasi, S.C., came to St. Stanislaus from Catholic High School in Baton Rouge where he had served as assistant principal for three years. Previous to that he had taught in New Orleans, Mobile, Dallas, New York, and New Jersey. Besides teaching Religion, English, Social Studies and Mathematics he was actively engaged outside the classroom as Athletic Director for three years and Varsity Basketball Coach at Catholic High. For five years he was principal of Ascension Catholic High School in Donaldsonville, Louisiana in which time he acted as senior English teacher, and found the time and energy to maintain contact with Alumni and develop support for Athletics through the Fathers Club.

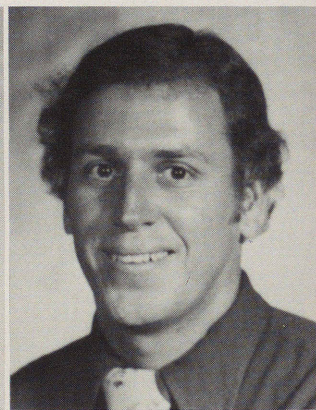

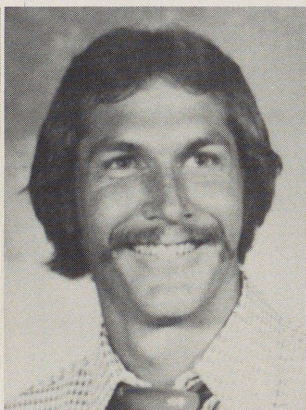

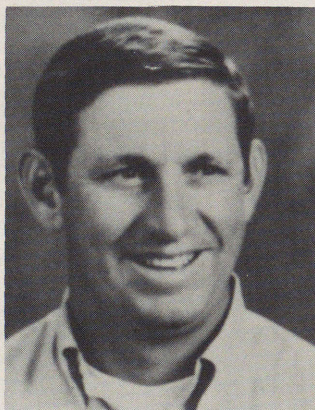

Brother Eldon's formal education at a number of Universities: Fordham, Spring Hill, Loyola, University of Southeastern Louisiana, University of Santa Fe and Notre Dame where he received his master's in Theology. His formal education has been enhanced by his travels in Australia and in Europe. It has become obvious this past year that Brother Eldon's interests center around athletics and people especially the latter.

## WILLIAM JENNINGS

Following the footsteps of Brother Peter would be a difficult task for anyone, yet the task was to be undertaken. Coming to St. Stanislaus from Pass Christian, where he taught for six years, Mr. Jennings assumed the reins with some misgivings, but was soon so involved that his doubts faded.

In addition to his duties as Yearbook moderator, Mr. Jennings teaches mathematics, on the Junior High and High School levels. Holding a master's degree from the University of Southern Mississippi, he plans to continue his post-graduate work. Although this has been his first year at S.S.C., Mr. Jennings has already become a familiar figure on campus.

In writing this article we the staff of The '78 Reflections would like to thank Mr. Jennings for a successful year and for helping us put out what we think is a first class yearbook.

## BEING A SENIOR . . .

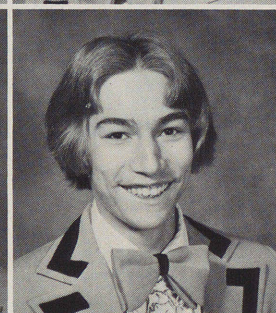

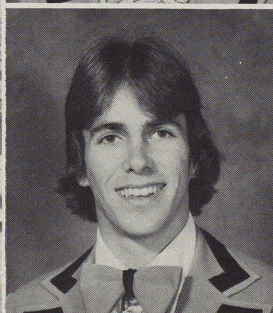

Being a Senior is — working feverishly to get that long overdue report in . . . worrying about college . . . feeling bad if your class doesn't win the Spirit Stick . . . absorbing Brother Bennet's theology lectures . . . the many parties during the year . . . losing your ring . . . finding it . . . asking Dad for money . . . Making decisions . . . "Blowing it off" . . . Laughing with the "funny man" . . . turning 18 . . . meeting new friends . . . leaving old ones . . . the end . . . an uncertain beginning.

## Humanities

S.S.C. humanities offer a wide range of interest to students. This year the math department teamed up with the science group and finished first in the state in the Science and Math Competition at Mississippi College. Senior Philip Mueller finished second in the state in the math contest. Bro. Paul's advanced math class finished fourth in the overall math test this year. The math department keeps students on the right angles. The English field studies everything from Julius Caesar to Macbeth. Also the Drama Club urges students to take interest in the stage. History is explored today as if the students were there to witness it themselves. The juniors and seniors receive Time and Newsweek magazines to keep up with the latest international news.

## Religion

Religion at S.S.C. develops the student's spiritual life. St. Stanislaus is known as the school of character and it is through the Religion program that character is formed. All students are encouraged to participate in all religious activities.

Classes attend mass on a regular basis. Once every nine weeks they gather to celebrate what is known as class mass. On first Fridays of the month the entire student body assembles to rejoice in the Scared Heart, the brother's motto.

Juniors and seniors have a chance to participate in Project Do. Project Do is a program set up to give comfort to the aged and the mentally delayed. This is just one of the many ways students show their spiritual works of mercy. Also students help younger tots to grasp their phonic skills through the A.P.S.L. program.

The seniors enjoy the privilege of having a special retreat in which they can look deep into themselves for the upcoming year. The S.S.C. student body also contains twenty-two seminarians who help round off a very religious community. Numerous guest speakers talk on all aspects of life. Through the excellent religious foundation here at St. Stanislaus many students will come to a closer relationship between himself, his neighbor, and most important, his God.

## Languages

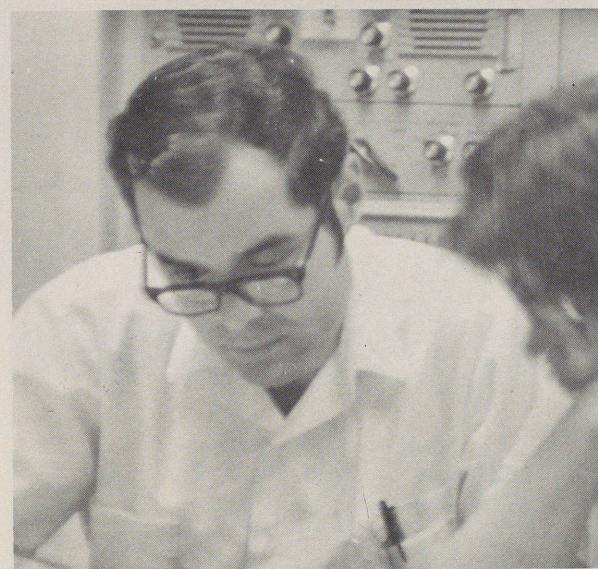

The foreign language department at S.S.C. improves every year. Through the guidance of Fr. Vogal, Bro. Eduardo, and Mrs. Currie, the various honor societies have increased student interest in the languages. More students are joining the foreign languages curriculum, especially from our neighbor, O.L.A.

The languages once again took several trips to different colleges for language fairs. The annual French and Spanish Honor Society banquet was once again a success. Jimmy Rafferty headed the French program and Kenny O'Neal led the Spanish group. Both of these seniors served as president of their respective groups.

The whole language department has done an excellent job throughout the entire year. In years to come the students interested in this field have a lot to look forward to.

## Business

Business at S.S.C. has taken on some great new dimensions. Each year more and more students have entered this curriculum. The business world of today has brought on excellent challenges for tomorrow's workers. The accounting class is slowly outnumbering the other electives. Mrs. Kersanac is head of this field and has done a great job with the seniors.

The business department has had several talks and a few field trips to the different businesses of New Orleans. They have learned how to keep checks, savings accounts, and other typical business endeavors. It will not be long before this department opens up to the entire student body. This field definitely has an excellent future here at S.S.C.

## Science

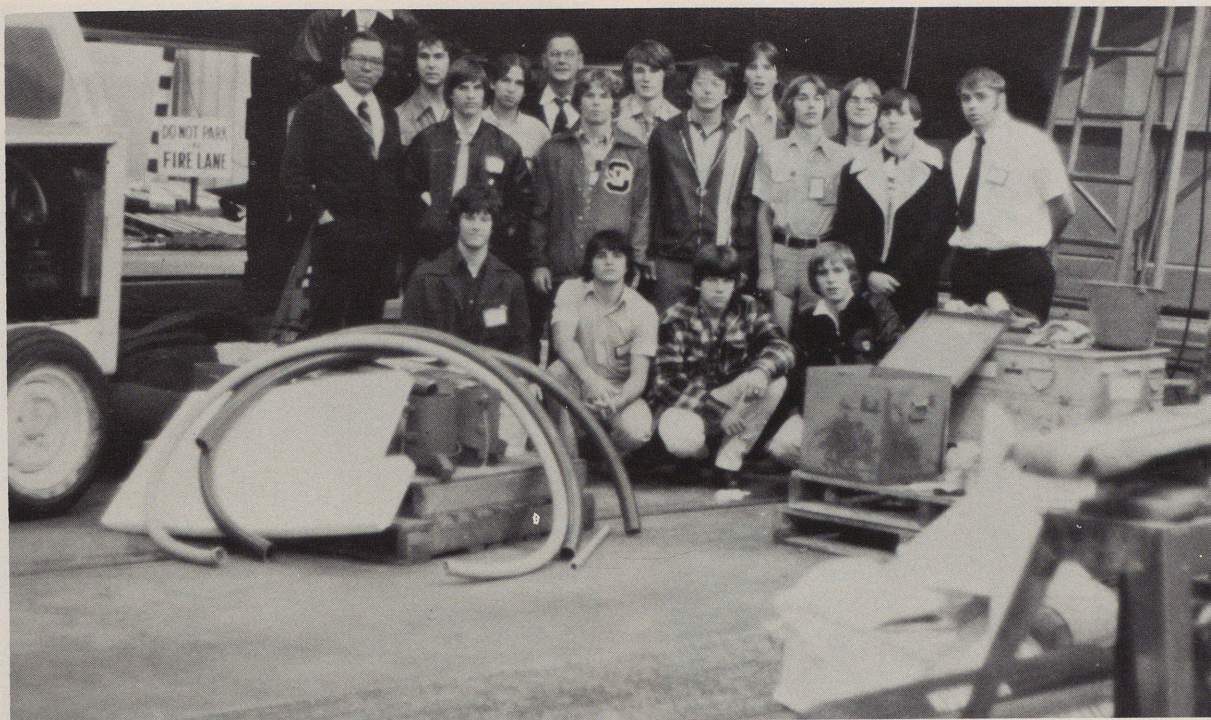

Science at S.S.C. demands a lot from its students. Perhaps that is why our science department is the best in the state. Senior Philip Mueller finished first in the state at the Science and Math Tournament in Jackson. Mueller topped the state in the chemistry competition. Our quiz bowl team of Stephen Johns, Bill Kergosien, Dan Hayden, and Philip Mueller also finished first in the team competition.

Students start out very early in the science field at S.S.C. In grammar school youngsters take general science with emphasis somewhat on biology. The elementary school science took on a new look this year with the appearance of Mr. Don Evans. Mr. Evans has done a good job preparing the tots for more advanced science. As a sophomore, students are required to take biology. Mr. Ron Engle, one time teacher of the year in this field, directs this course on a fine level. Juniors look forward to chemistry under the direction of Bro. Malcolm. The senior year brings on the ladies sewing circle. Mr. Thriffiley, head of the science department, believes in physics, astronomy, and Abdul. There are also two elective courses which are gaining popularity among the students. These include oceanography and advanced biology. Oceanography is only a semester course with emphasis on chemistry and geology. Advanced biology is taught on a freshman college level. This year the future biologists took an excellent field trip to a Gulfport hospital. They visited the operating room, the emergency room, and the radiology lab. They also talked to several doctors about their possible medical careers.

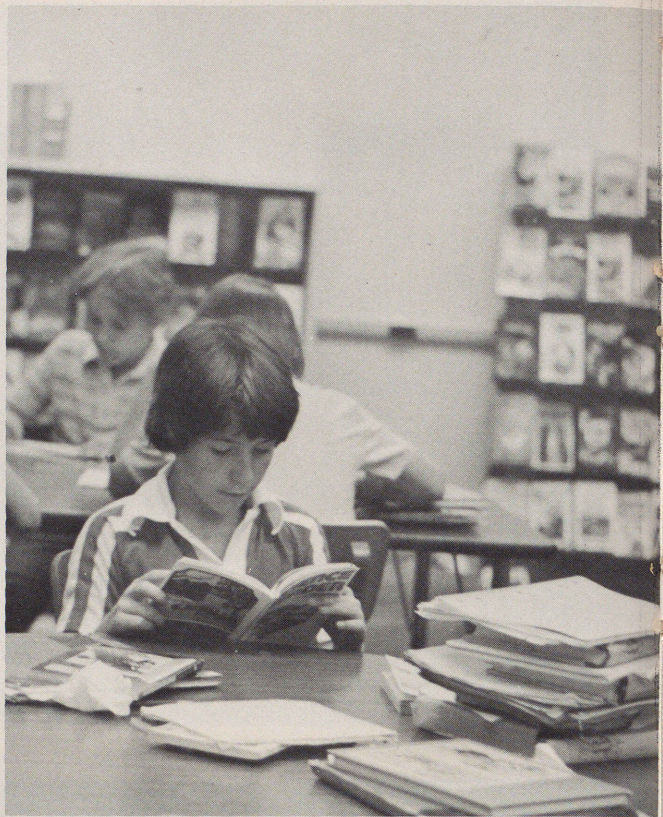

The science department here is one of the best around. The students, teachers, and parents have a lot to be proud of. Success belongs to those that work at it. St. Stanislaus has shown what a little work can do. We are number one in the state.

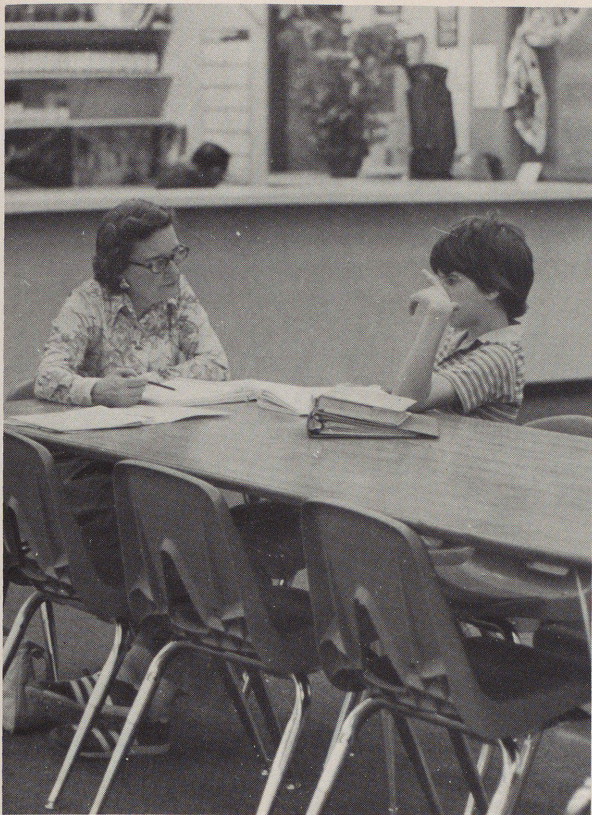

## Reading

The reading department is very small at S.S.C. which enables the students and faculty to work on a one-to-one basis. Grammar school students have a chance to work in small groups to develop their phonics skills. Mrs. Estrade and Mrs. Ryan work very hard with the students. Visual aids, phonograph records, and the library give valuable information to the eager students. Bro. Leon gives a helping hand whenever necessary.

## Pottery

One of the fastest growing electives at S.S.C. is pottery. The classes are packed full and are enjoyed by all. Pottery provides students a chance to create art in a unique way. Pottery is the only elective where students get to show their talents and have fun doing it.

Pottery has plenty of room to grow here at school. Within the next year it will probably become the favorite elective on campus. Students really get into this type of art. Look out typing, P.E., and band; here comes pottery.

## BRO. JOSEPH'S DORM . . .

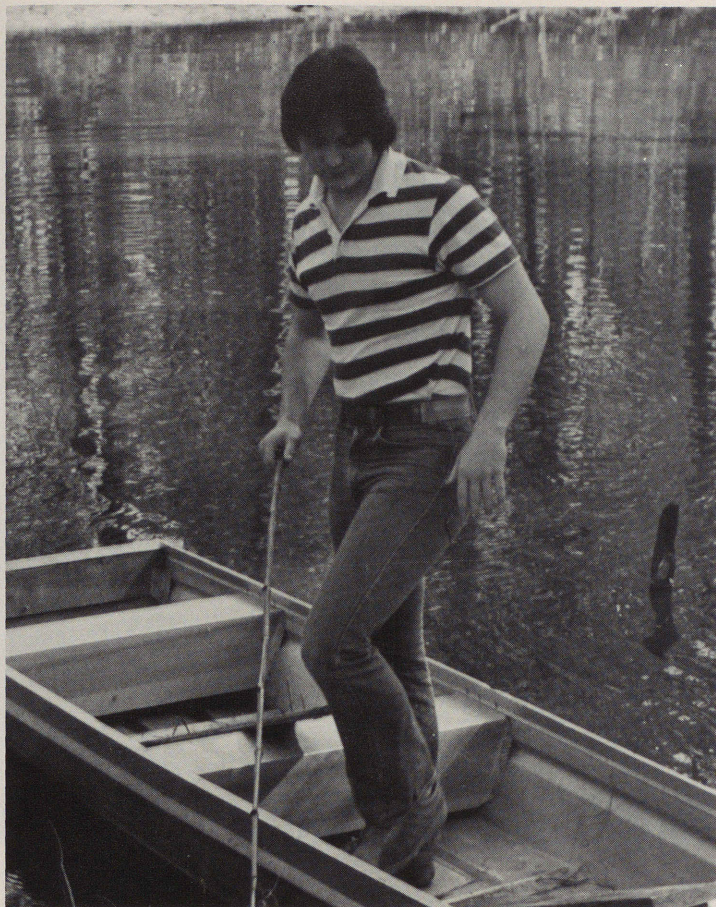

Being a boarder in Bro. Joseph's dorm means accepting responsibilities. Bro. Joseph offers junior and senior boarders more freedom and privileges than they've had in the past years.

They may bring cars on campus and use them with permission. Bro. Joseph allows them to stay out on weekends till midnight. Boarders may also eat supper off campus during the week.

Senior and junior boarders are an essential part of the Kidney Fund Drive during the year. Being in Bro. Joseph's dorm brings about opportunities and experiences with many people.

## BRO. PAUL'S DORM

Brother Paul strongly encourages 10th graders in his dorm to participate in extra curricular activities. Many of the sophomores were involved in organized sports such as intramurals, football, track and band.

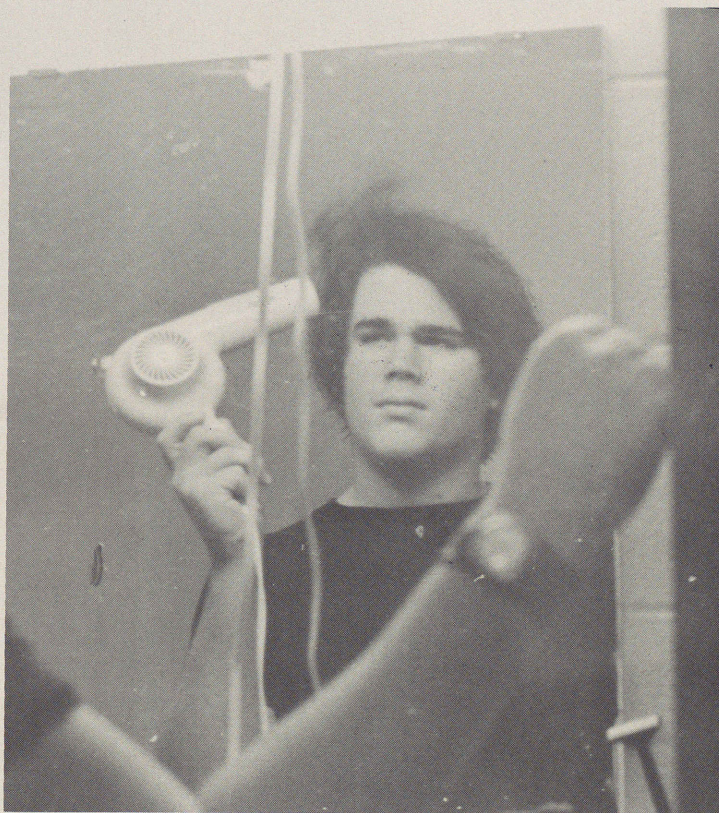

Brother Paul besides being a prefect is a tennis coach also. When Brother Paul is not in his dorm, Brother William Chester helps him out.

## BRO. JOHN'S DORM

Brother John is the prefect for the freshman dorm. Serving as a brother of the Sacred Heart for 12 years, Brother has taught at Brother Martin High School in New Orleans, and McGill High School in Mobile.

The freshmen have one of the best equipped rec-halls with a stereo, two televisions, pool tables, foosball tables, and ping pong tables.

## BRO. WILLIAM'S DORM

Bro. William Boyles came to Saint Stanislaus this year from Catholic High in Baton Rouge, to take the place of Bro. Neri as prefect of the eighth grade dorm. As any of the Brothers can tell you, prefecting is not an easy job, especially if it's your first year.

During the past year Bro. William has encouraged his dorm to participate in school activities, sports and intramurals. He has also persuaded many of them, by various means, to keep up with their studies. And most important, he is always there as a friend, for anyone who needs him, regardless of whether they are in his dorm or in another.

## **BRO. RAYMOND'S DORM**

The 6th and 7th grade dorm is directed by Brother Raymond. Prior to his prefecting here for 9 years, Brother Raymond worked in the Boys' Home in Mobile. Bro. Raymond does as much as possible to keep his boys happy.

One way to do that is to keep them busy . . . and he does. He organizes and referees sports every day after school. His boys play hockey, football, soccer, basketball and slaughterball. At night Bro. Robert directs the boarders in ceramics, and sometimes boxing.

# SECTION FEATURES

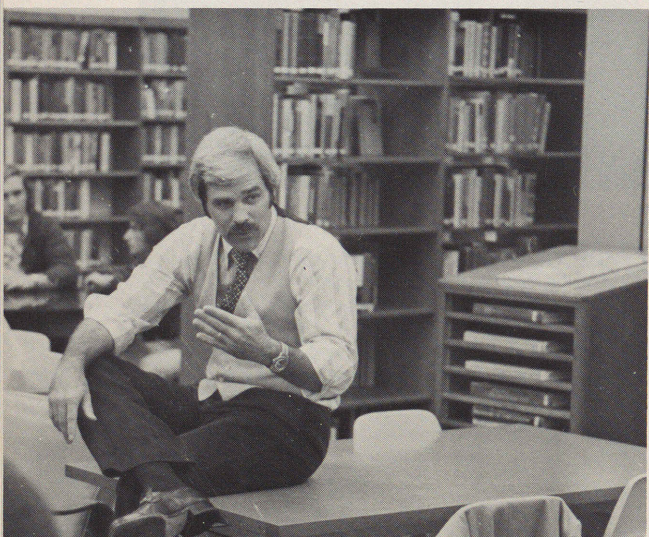

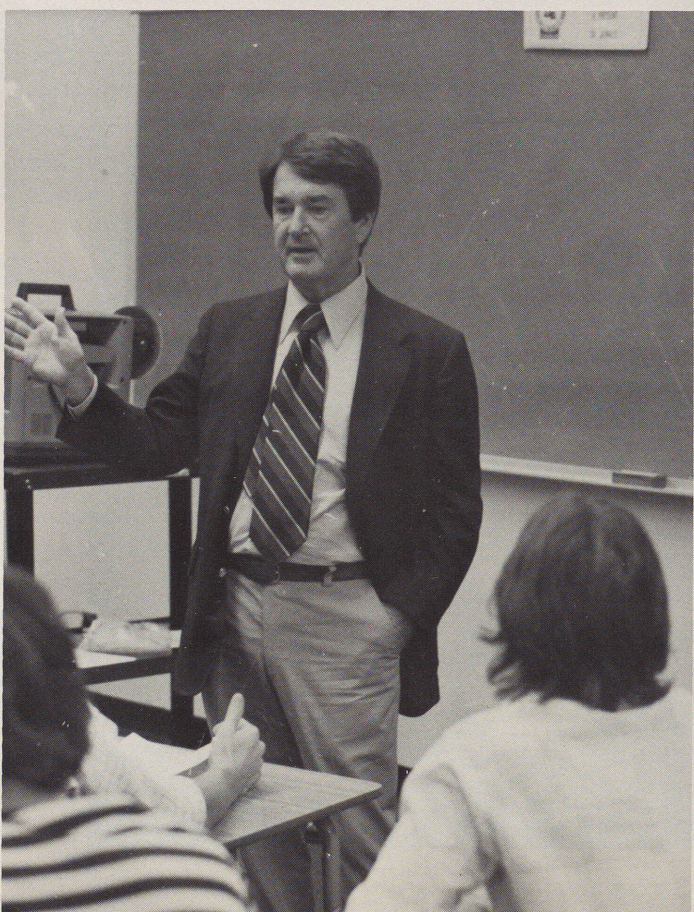

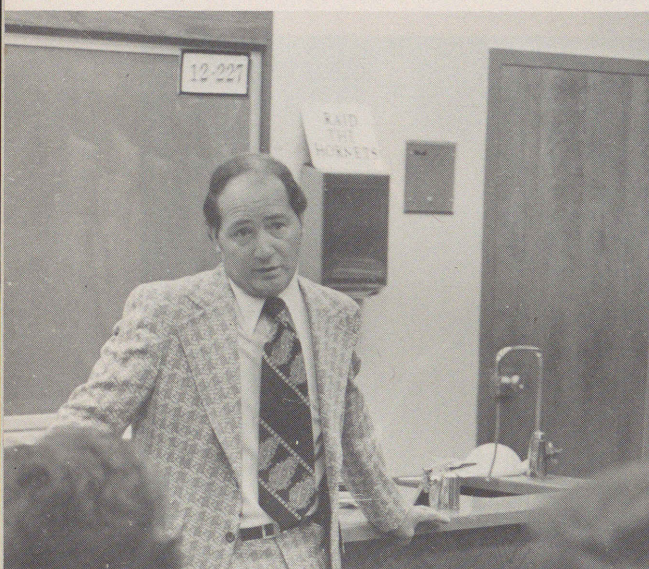

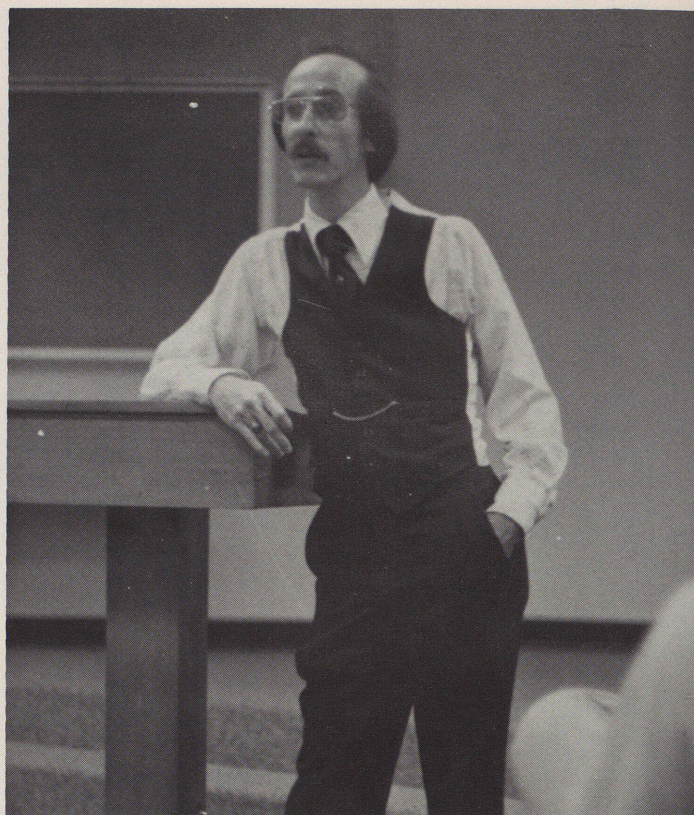

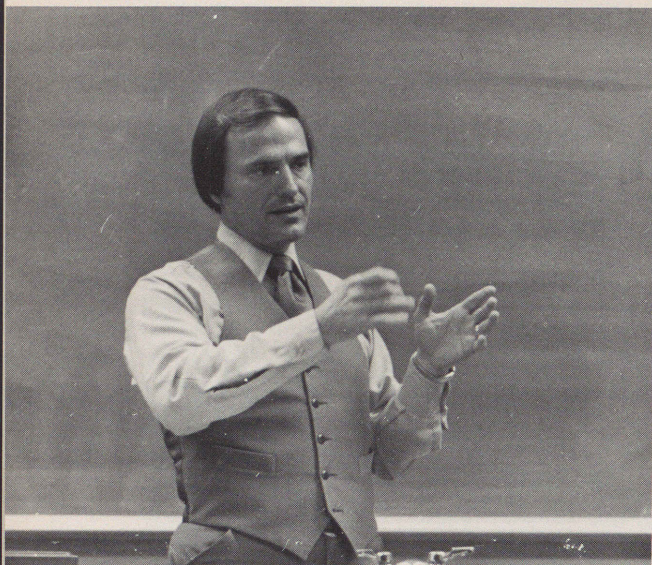

Brother Peter — A most dominant figure in the history of St. Stanislaus, it is most appropriate that this building is being named The Brother Peter Memorial Gym. Brother Peter was first assigned to St. Stanislaus in 1908; and from that date until he died, his untiring efforts left an indelible impression on everyone who knew him. He was promoted to the presidency of St. Stanislaus in 1926 and served in this position for three terms — 1926-32; 1938-44; and 1946-47. During this time he made the school nationally known through his famous talks on "Boyology." Brother Peter was extremely interested in the mental, physical and spiritual growth of all boys at St. Stanislaus. He always encouraged them to make a frequent use of the sacraments. He would stress the advantages of athletics as an aid to physical development, and he himself was known for his ability as a basketball player. Brother Peter passed away on September 26, 1948; and on March 11, 1972, he was inducted into the inaugural St. Stanislaus Hall of Fame.

## JAY ROUSSEAU LEADS STUDENT COUNCIL

The Student Council officers of 1977-78 were: Pres. Jay Rousseau, Vice-President Gordon Boh, Second Vice-Pres. Jim Rousseau, Secretary Peter Barnhiem, and Treasurer Frank Tighe. The student council was extremely active throughout the year organizing such things as: Homecoming, dances, and Prom. Dances weren't the only thing the Student Council spearheaded. They were also involved in things like the L.W.A.S. and intramurals. The Prom was the high point of the year for the Student Council. The decorations were well done and music was provided by Us. As one Student Council Officer put it "A Student Council is as good as its Prom." Most people feel that this year's Prom and Student Council were great.

## **Last-Minute Stand Climaxes Homecoming**

The '76 Homecoming festivities were kicked off with interclass competition in various events. Each class enthusiastically supported its contestants in the tug-o-war, balloon toss, and beauty contest.

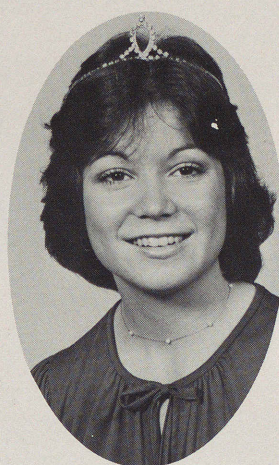

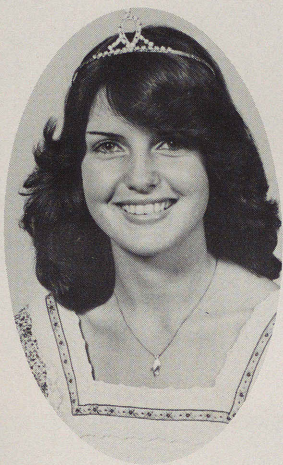

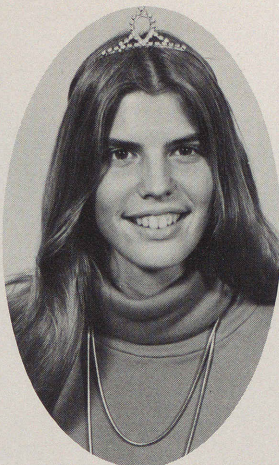

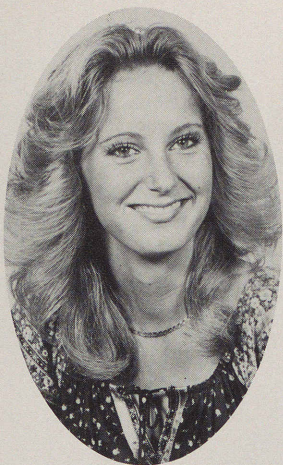

Preceding the Homecoming game, the queen and her court motorcaded through the city in the Homecoming parade. The student enthusiasm reached its zenith in the final minutes of the game when the gridiron defense, led by Mike Cure, Gene Rogers, Gordon Boh, and Jamie McKeogh, held the East Central Hornets for four plays inside the SSC two-yard line.

Flourescent banners and colorful murals brightened the atmosphere of the Homecoming dance. The preparation for the dance and the other festivities reflected the unparalleled degree of senior participation this year.

## Joan Reigns Over Court

On November 4, 1977, St. Stanislaus held its annual Homecoming week. The court, selected by the senior football players, highlighted the festivities. Queen Joan Dickinson, a senior at Our Lady's Academy in Bay St. Louis, Ms., reigned over the court.

This year's court included Miss Liz Ellis, a senior at O.L.A.; Miss Erin Glancey, a senior at Long Beach High School; Miss Beverly Hill, a junior at O.L.A.; Miss Charlotte Jones, a senior at Pass Christian High School; Miss Suzi Kergosien, a junior at O.L.A.; Miss J'Don Noto, a senior at O.L.A.; Miss Cyndi Regan, a sophomore at O.L.A.; Miss Fran Sallinger, a junior at O.L.A.; Miss Vanessa Singleton, a senior at O.L.A.; and Miss Missy Treutel, a junior at O.L.A.

## Yearbook, L.W.A.S. Create Reflections of Our Past

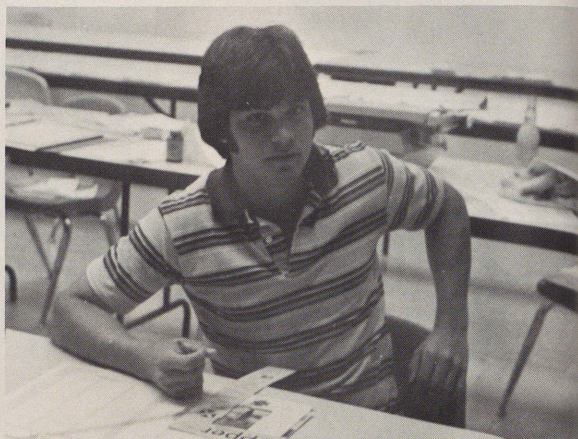

This year's yearbook staff under the new direction of Mr. William Jennings has been working constantly since the beginning of the year to bring the students of St. Stanislaus the 11th edition of REFLECTIONS, the school's yearbook. Under the direction of Rene Mier our Head Editor and Jim Murphy our Head Photographer, the yearbook staff has been covering virtually every event from football games to Miss Popularity with photographs and articles to put together a yearbook that we think will help you in years to come to reflect back on your life here at St. Stanislaus.

L.W.A.S. under the direction of Jim Murphy is doing much the same as the yearbook but on a smaller 57 weekly basis. L.W.A.S. tries to keep the students informed as to events, activities, and functions of the school.

Working as a small group, the staff got to know each other very well and consequently became very close. We would now like to put down a few things for us to reflect back upon when we are all presidents of our own publishing companies: The number 18 at our staff party at Pizza Inn, numbering 850 pictures incorrectly, more liquid paper, new shoes, where's the stamp and pad, spirits in the dark room, Bugs, Murph, M.A.T., Big Dave, Sticker, Fiesta, Coach Boh, Moses, Brillo head, Mouth, King Midas and the rest of the gang.

This year, for the first in many years, the yearbook and L.W.A.S. were actually, as it should be, the work of the students. Our moderator Mr. Jennings gave us all the leeway we needed by allowing us to express our own feelings and thoughts. Mr. Jennings was also always around to help out whether it be in the dark room or in the editing office. We would like to thank Mr. Jennings for literally hundreds of hours of his time and effort, and for a very memorable year. We would also like to wish him the best of luck in the years to come.

## OUR CHEERLEADERS ARE SUPERIOR . . .

S.S.C. cheerleaders, Fran Sällinger, Suzie Kergosien, Missy Treutel, Delerie Ladner, and Rene Jarreau, from O.L.A., teamed up with S.S.C.'s Billy Babst, Doug Koch, Tony Fasullo, John Wideman, and Tim Simmons, led the cheering section with overwhelming excitement from people in the stands and the student body at pep rallies.

## THE SSWLC . . . ONE OF OUR GOALS . . .

The St. Stanislaus Weightlifting Club (SSWLC) began in 1969 in one small room with 40 boys participating. Working in shifts with meager equipment, Bro. Bennett strove to improve his program. This year the program involved 70 boys, having more than quadrupled in size.

The program is divided into two sections, with all boys being personally supervised. Bro. Bennett has expanded the SSWLC to include such facilities as a whirlpool, sauna bath, and dressing rooms.

The SSWLC participates in all State and AAU Powerlift meets. The SSWLC facilities are utilized by SSC coaches for their weightlifting program.

The newly formed St. Stanislaus Drama Club, moderated by Mrs. Cheryl Catalano, produced "Career Angel." "Career Angel," a three-act comedy written by Gerard Murry, was staged at the St. Augustine Gym on April 12 and 13. The main theme of the play revolves around the belief in divine providence. The faith of Brother Seraphim (Marty Tighe) in this theory results in near bankruptcy for his home for wayward boys. Brother Fidelis (Emil Dabul), the counterpart of Brother Seraphim, is the every-present prophet of financial ruin. Brother Seraphim gets unexpected help from his guardian angel (Mo Hudson). The efforts of this guardian angel to save the institution from bankruptcy, as well as Seraphim's attempts to convince his cohorts of the angel's presence resulted in some rather interesting situations. Many long hours of rehearsal by the cast and stage hands made this year's play a success that was enjoyed by many.

## DRAMA CLUB COMES ALIVE AT S.S.C.

The Drama Club came into its own this year at S.S.C. With a relatively small but loyal membership the Drama Club wrote and incorporated its Constitution and set about bringing to St. Stanislaus appreciation for all the theatrical arts. The Drama Club, consisting of actors as well as other technicians, helped with this year's drama production, attended the Mississippi State Drama Festival at Southern, and took part in a "mime" festival at Perkinson. Although relatively new to the campus, the S.S.C. Drama Club looks forward to becoming an integral part of life at Stanislaus.

## JAY ROUSSEAU

Jay Rousseau has been recognized by the school as one of the fine examples of St. Stanislaus character. The creative and energetic ways in which Jay has spent his time improving himself, has reflected to the rest of us the quality which Jay has developed around himself. Jay Rousseau, President of our Student Council, is a student body representative at functions which he represents as our finest example. This article is planned to emphasize credit which is due to students like Jay, in hopes of future performances by such achievers.

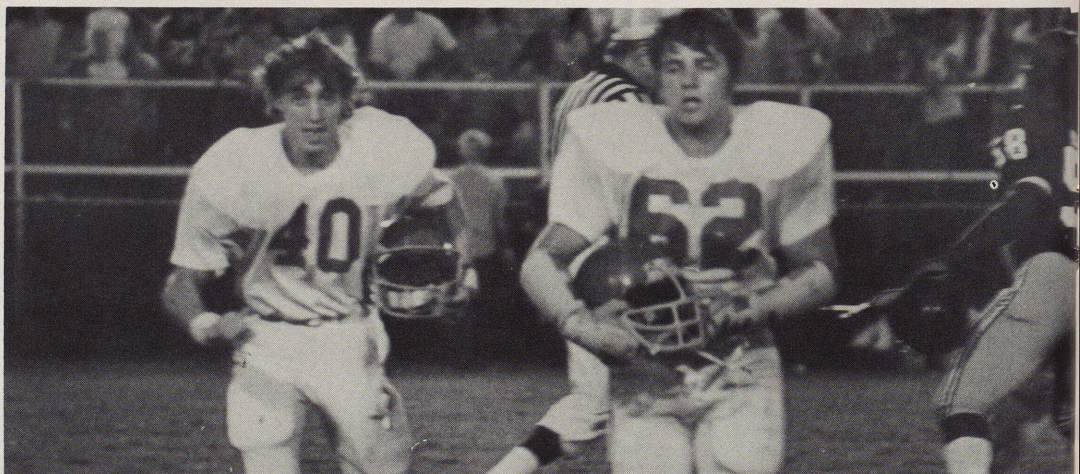

Jay Rousseau is also an honor roll student and athlete. Jay has played football for St. Stanislaus in all four years of his attending the school and has received honors in each year. In Jay's senior year he won honors as an all-Conference honorable mention recipient. In track this year Jay worked hard and continuously in an effort which had won him records in pole vaulting. Jay broke the school record and conference record with a vault of 12' even. Jay Rousseau won his event in conference to add valuable first place points to win the Conference for a second consecutive year in a row. Jay was elected by teammates as our Most Valuable in Field.

For Jay Rousseau we say thank you for your concern for an end with excellence in the fields of life in which you have expended yourself.

# GENE ROGERS

This page is dedicated to an admired Senior of St. Stanislaus in class and on the field. Gene is looked upon as the athlete to be. He has received honors in football as an offensive tackle and defensive lineman since his sophomore year. This year Gene won All-Conference football player and the team's elected Most Valuable Offensive Lineman. Gene Rogers' talents are going to be furthered by scholarship awards in which he received in the post season, for college ball in the coming fall.

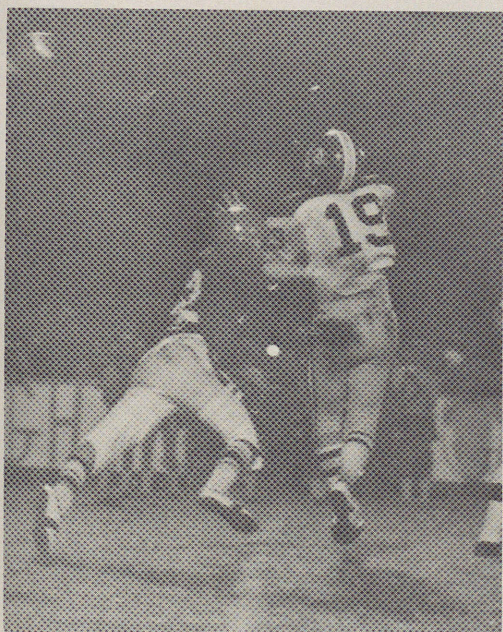

Gene Rogers showed his desire to achieve top honors and first place quality by never losing to an opponent the whole track season while attaining school record throws in the closing meets of the season. His farthest throw was 138' 9 1/4 inches. This distance set the school record while a throw of 133' even set a new Pascagoula Conference championship discus throwing record. Gene's throw gave the team precious first place points to win the Pascagoula River Conference Championship for two consecutive years.

It is people like Gene Rogers that St. Stanislaus prides itself on. With athletic ability at hand and knowledge to put it to its best use in what kind of person is to be considered as the best example of accomplished excellence.

## Athletics Builds Our Character

The St. Stanislaus character is built around a well rounded student who excelled himself in religion, study, and athletics while building his morals around a solid structure of each quality.

St. Stanislaus offers the student a chance to perform to his maximum capabilities in each stepping stone of character building with the highest margins offered by education around this globe. It is an institution which has been established since 1854 with athletics and study blended with intense religious study for 124 years. It is the purpose of the school to fulfill the student with these qualities and to teach him to use them now and how to look for them in the future.

# FOOTBALL EVENS OUT

The St. Stanislaus football season started with marginal victories and proceeded with closely contested games. Results of an even season finished the momentum which the Rock-A-Chaws began on the gridiron in the fall. Promised for a successful season, with talent which the Rock-A-Chaws possess and hope to return, is a positive point to be looked for in the future Rock-A-Chaw football season.

Outstanding Rock-A-Chaw lettermen are All-Conference selections Bill Kergosein and Gene Rogers. Bill Kergosein ran for 1000 yards and Gene Rogers proceeded with honors at tackle. All-Conference honorable mentions were Greg Hammer, Jay Rousseau, and Gordon Boh. The season was peaked by Stanislaus defeating the Bay High Tigers 30-0.

The team was led by head coach Bill Poole and assistant coaches Howard Patton and Don Evans. With their energies and the talents of returning lettermen Jamie McKeough, Peter Bernheim, Randy SantaCruz, and Scot Senner, the Rocks are prepared for an upcoming successful season. These coaches with returning players and the new arriving freshmen into Coach Poole's extensive weightlifting program, again hold us to another positive outlook for coming teams.

 BOTTOM LEFT: Bill Kergosein runs through Pearl River Blue Devils.  
 BOTTOM RIGHT: Kermit Doiron and Gordon Boh stop Bay High behind the line.

The Rock-A-Chaw problems were few. Football is a thing of mental error, which was less than in the past but a measurable factor. The training by Coach Bill Poole is fluent and thorough. Strictly caused by time and reputation does the scoreboard of Rock-A-Chaw territory suffer. The material is there, was there and is still coming. Because of extensive weightlifting does the outlook become one of enlightening circumstances.

Outstanding lettermen were Mike Cure and his brother Joey Cure. The Cure brothers held powerful stances and jaw breaking forearms combined with field experience. Most Valuable Defensive Lineman went to Jamie McKeough and Most Valuable Defensive Back went to Randy Santa Cruz. Edgar Santa Cruz was the team's safety with an unmentioned clean record of passless defensive coverage to hold opponents to minimum figures when on the field. Brothers were key players on the team with the "Don't know when to stop" Logan brothers. John and Hank Logan led defensive efforts to gain us the title as one of quickest and meanest defenses in the game.

The Rock-A-Chaw games for next year will be again stocked with young players and experienced returning lettermen. With Coach Poole's experience growing as head coach with each succeeding year we will see with eager sensations as to the outcome of future gridiron squads.

## JUNIOR HIGH KEEPS IMPROVING

The junior high football team, under the direction of coaches Fred Weems and Rod Hering, continued to rebuild in a positive direction this year. The team had many ups and downs but as a whole played very consistent ball. There were many bright spots on the team. Jeff Kergosien led the Rocks as their quarterback utilizing his outside running ability for many first downs. George Corcoran muscled his way into enemy territory both on offense and defense. Juan Betanzos was welcomed through his ability to play many different positions. And, of course, he was the team's excellent place kicker. Dave Boos rushed for numerous yards which brought the Rocks a well rounded ground game.

The varsity squad looks forward next year to having these men on the team. They have many ways that they can help the varsity. Several spots are open on the varsity for young players who have the ability. Next year we hope to see many sophomores helping our varsity program.

## New Gym, Young Team

The St. Stanislaus Rock-A-Chaw basketball season was highlighted by the games starting to be played in the facilities of the old gym and being transferred to the new gym half of the way through the season.

The new gym can be a large factor of dispute as whether or not the season could have been better than it had. The talent was considered present and Coach Cuccaro's coaching excellence is unquestioned but the conditions of the new gym are. A team moving from one shooting atmosphere to another of such variable optical distances, basket angles, surface conditions and fan space. All considerations for such an accustomed St. Stanislaus team. With team effort and guidance by Coach Cuccaro the team should be able to defeat the gym in pre-season and return with victories against the untimely competitors.

Returning talent to the Rock-A-Chaw squad are high honors basket man Charley Vincent and smooth shooter Kerry Corr. This year's team was aided greatly by versatile court man John Murphy. John had a good year which he will take home with him when returning to his old team. Till next year and the second season of the new gym will the dribblers of St. Stanislaus be able to show us their ability to adjust.

The junior high was a high point for the school this year. The team was coached by Coach Herring and eighth grade by Brother Anton, S.C. Both coaches in their respected teams has led young boys in basketball preparation for the most important years of a student's life. The competition which the coaches face these boys with is enough to prepare the individual for varsity pressure of the same scope. The players work individually and unitedly to create with coach the Stanislaus character and competitor attitude. Both of which showed to their greatest degree. With Juan Betanzos, Marc Meyers, David Boos, and new leader on the team Dave McDonald. The team has the potential to add great, great, unlimited boundaries to the teams of future Rock-A-Chaw athletics.

## P.R.C. Champs . . .

**WE DID IT AGAIN!**

## HOW WE DID IT.

Once again our track team represented us well on the Gulf Coast. Long practices, hard work, and numerous track meets marked this year's season. Foul weather and sickness plagued our team in the early going. The track team won every meet which added momentum going into the Conference meet. The Rocks excelled especially in the field events. Coach Poole worked hard to push his field men on to record breaking heights and distances.

Junior Charley Vincent did both the long jump and high jump honors. Charley leaped over 20' in the long jump competition. In the high jump, he closed to within one inch of the record. Sophomore Scott Senner brought future hopes to the Shot Put. His hard work throughout the season improved his distances up to five additional feet. Senior Gene Rogers had an excellent year in the discus and managed to stay undefeated. The pole vault reached new dimensions this season with the dedicated work of Jay Rousseau. Jay reached heights hardly ever seen before on the S.S.C. campus.

Running events took a short decline this year with a young, rebuilding club. The Rocks lost valuable speed last year through graduation but worked hard to make up for it. The mile relay team — Craig Marcello, David Mead, Hank Logan, and John Logan — brought life to the four lap relay. Tommy Lotz continued his reign of the distance races. Tommy, the team's only three year letterman, mastered the milers of the P.R.C. Bill Kergosien raced his way to a fine season in the low hurdles. In the high hurdles, Jeffrey Wallace and Gordon Boh kept their competitors on their toes, usually a step or two behind.

The Rocks captured five first place finishers at the Conference meet in Biloxi. They also brought home two new Conference records. Gene Rogers tossed the discus 133 feet to establish a new P.R.C. record. Jay Rousseau vaulted his way into the record books. Jay cleared a height of 11' 6½". Also at the conference meet the Rocks earned first place honors in the shot put. Scott Senner tossed the shot 45'11". Tommy Lotz captured the mile once again. The mile relay team left competition behind as they easily raced to the final first place.

# P.R.C. CHAMPIONS TWICE

In a continuation article from page 128 we find other highly important contributing points which make up a winning team. In the 880 yd. run Mark Koch ran tops while in the 100 yd. dash and 180 low hurdles Bill Kergosien brought in valuable fourth and third place points and kept the opponents at heel. The 440 and 880 yd. relays were teams of Bill Kergosien, Roger Ervin, Charley Armato, and Chucky Vincent. The 880 yd. relay consisted of David Mead, Roger Irvin, Paul Truetel, and Charley Vincent. High Hurdles were run by Gordon Boh who brought in a third place, a few more points toward the trophy. The long and high jump was tied down by a one man team in Chucky Vincent and the 220 yd. dash was well represented by Paul Treute. The team as a whole, was one that had arrived where they were by continuous hard work on afternoons and holidays. The work for months paid off with memories of a championship for a lifetime. The team is based on the young talent which was present and expected to arrive from an exceptional team in our junior high team. The team was coached by Don Evans and showed future championship qualities for varsity training and meets.

TOP: Tommy Lotz practiced long and unmatched hours except for his companion Mark Koch to show a winning milers strategy of chase and be chased for a moving first place over favored Vancleave. BOTTOM RIGHT: Roy Anderman jumps the heights with Jay Rousseau to bring the team first place vaults the whole season. ## ROCKACHAW BASEBALL . . .

Taking advantage of experience gained last year, the Rockachaw baseball team this year improved upon their record.

Following the lead of MVP pitcher Scott Cox, the team scored a 17-13 record. Greg Hammer, recipient of the Batting award led the team with a .300 average. Perre Cabell, received the Glove award for most hustle. Most Improved Player Award went to Fred Keel.

Coach Fred Weems and Brother Anton, losing very few players to graduation, are looking forward to a bright future for the Rockachaw baseball team, another member of the Stanislaus family.

## SOCCER '78 . . .

Combining enthusiasm and a true Rockashaw spirit, the 1978 SSC Soccer team gave a tremendous showing for their first year of formation. Joining in with other Coast cities to form a soccer league, the soccer team exhibited true professionalism for such a young team.

Top scorer was Jean Roy O'Neill, scoring an average of two goals per game.

Coach Tom Demboski is to be congratulated for an excellent first year with a bright future in store for the Rockachaw Soccer team, a new member to the Stanislaus family.

## THE BEST

The St. Stanislaus — Our Lady's Academy tennis team posted a 10-1 season for the varsity and an 8-1 record for the B-team. Grant Chandler won the Pascagoula River Conference Boys Singles Championship by defeating Lester Martin of Bay High 6-2, 6-2. Tommy Wild and Pat Wild won the Boys Doubles Championship. Grant Chandler, Tommy Wild and Pat Wild were all eliminated in the semi-finals at the District 8 A-AA Championship. Tommy Wild teamed up with his brother, Pat to play boys doubles for the A-team; Grant Chandler played singles for the A-team and David McDonnell teamed up with Leslie Furman in mixed doubles. The other SSC players filling out the B-team were; Frank Tighe, Peter Casano, Clay Simon, Alberto Zambrano, Tim Mosing, Tommy Benz, Chris Crowder, Tom Schmidt and Luis Corres. Edgar Santa Cruz and Phil Schmidt played boys doubles for the A-team.

## NEW LOOK, POWERFUL SOUND

Pride this year was the band's theme and throughout the long football season with pep rallies and halftime shows to perform this theme was maintained. An attitude of "look sharp, be sharp, sound sharp" prevailed and enveloped this year's Rockachaw Band.

A tradition to honor, a challenge to be met. This is what faces the Rockachaw Band of 1979!!

# OUTSTANDING MUSICIANS AND BAND TEACHERS HONORED AT SPRING CONCERT

The Spring Awards Concert featured many contrasting musical styles from lively marches to soft emotional chorales. The concert program also included many solos and ensembles which in Mr. Williams words "reflects how much individual musicianship this band has." To get this ability to play a musical instrument takes many hours of practice. For this sacrifice the most outstanding musicians were honored. The highest award, the John Philip Sousa Award, was merited by Stephen Johns. The most outstanding Section award was awarded to the flute section.

## N.H.S. HAD ACTIVE YEAR.

The National Honor Society, under the able direction of Mrs. Jeannie Ryan, was an active part of St. Stanislaus in the 1978 school year. Among other things, the National Honor Society wrote articles for the Sea Coast Echo, served at the Hall of Fame banquet and sold cokes at the Nereids Parade in Waveland. The N.H.S. also sponsored and organized the Eighth Annual Honor and Leadership Convocation. Included in the ceremony was the induction of new members, awards for academic achievements, and a superb keynote address delivered by Mr. Jerry Romig. Without a doubt 1978 was the busiest school year ever for the N.H.S.

## SIDELINES CLUB

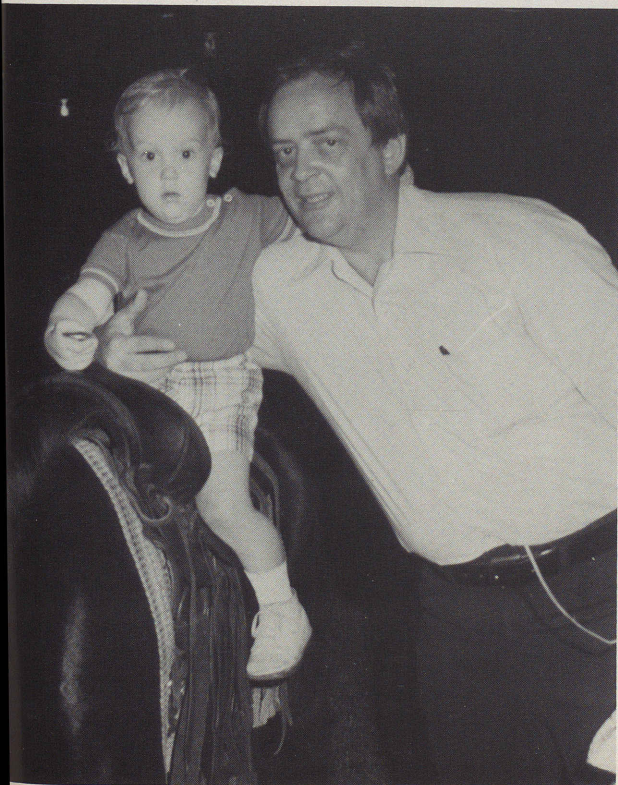

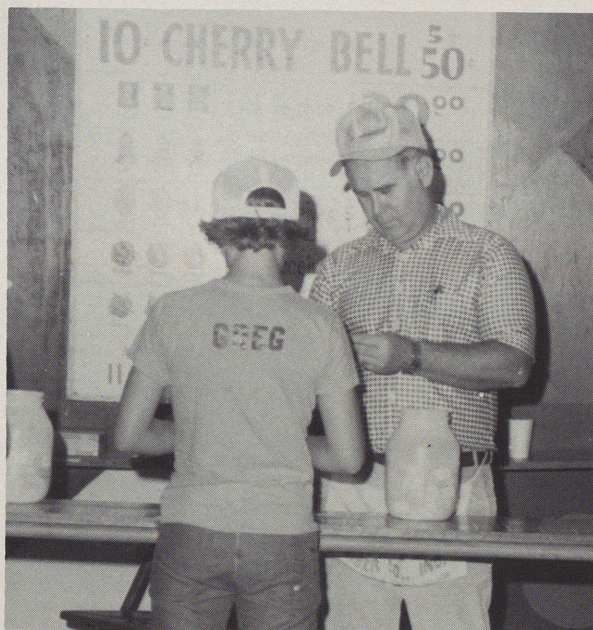

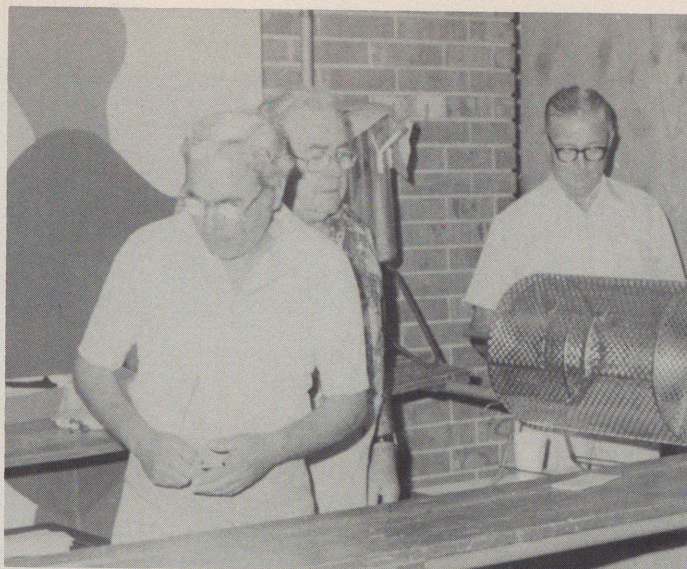

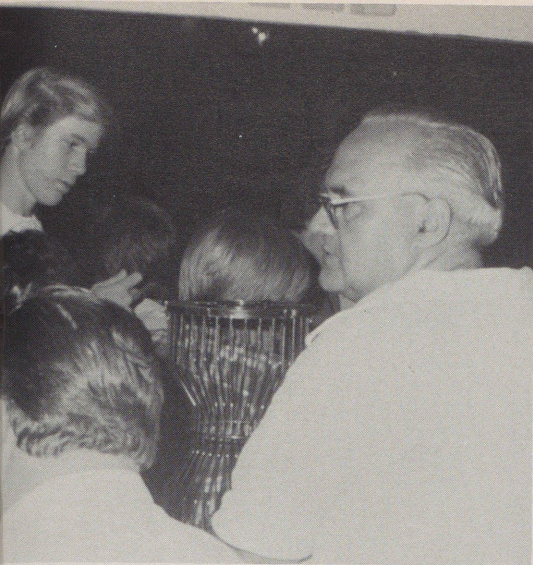

Composed of parents, alumni, and interested individuals within the community, the Sidelines Club is an active part of the St. Stanislaus family. Their purpose is to offer assistance, monetarily or otherwise, to the school in athletic fields.

Throughout the year, they sponsor turkey shoots, dinners, raffle and an annual fair in order to raise funds to achieve their goals. Staff coordinator is Brother Philip, SC.

Officers for the year 1978 were Mac Bowes, President, Buddy Haverty, Vice President, and A. J. Trapani, Vice President.

## SSC ALUMNI ASSN . . .

The St. Stanislaus Alumni Association is a unique and wonderful feature of the SSC family. Founded in 1908 by Brother Peter Basso, its main purpose is to give alumni a chance to keep up with the events of the school and gather occasionally to see old friends. Throughout the last 70 years the Alumni Assn. has met this challenge of bringing together old classmates with marked success. This year, as it has been since 1970, Brother Acquin Gautier has directed the Alumni Assn. with many fine reunions, and parties. Next year, St. Stanislaus College will celebrate its 125th anniversary. With this important event coming up the Alumni Association is looking forward to a terrific year.

## THANK YOU

Bro. Bennett, for the assistance provided when needed.

## THANK YOU

Bro. Aquin, for the help with our work on the Alumni and Hall of Fame as well as other sections. Also for the photographic contributions.

## THANK YOU

The faculty, for your cooperation without which we could not have completed this book.

## THANK YOU

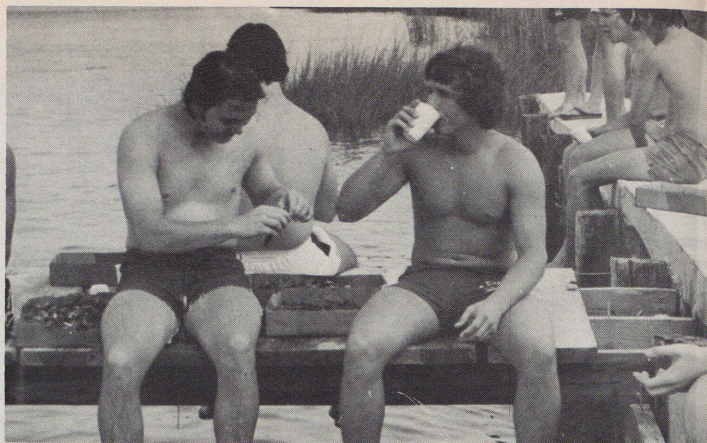

Bob Bailey, Tracy O'Reagan, Zac, Tony, Paul and our many other classmates who pitched in when help was needed.

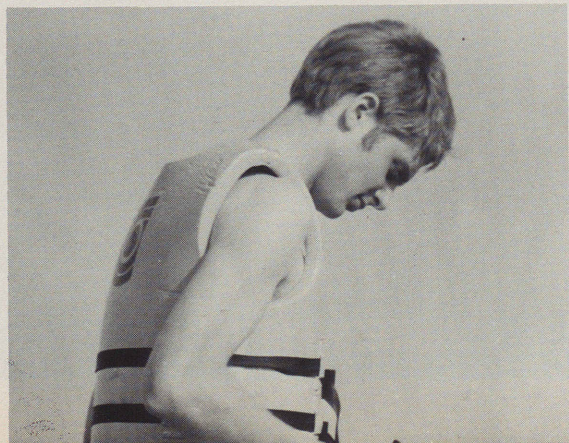

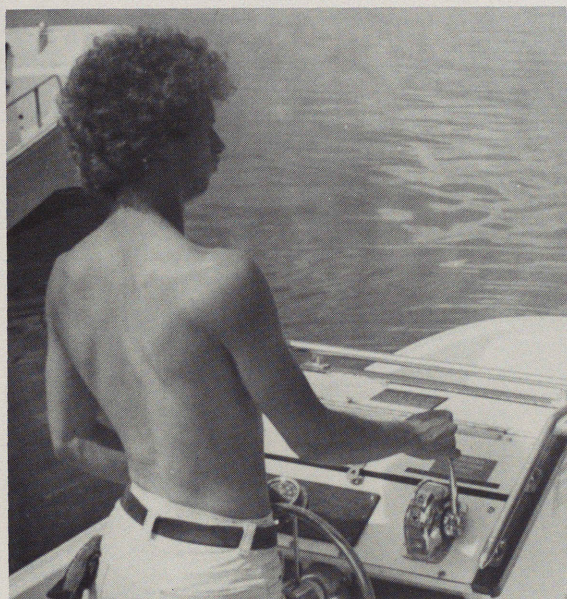

## SKI PARTY . . .

Considered to be the best of all parties honoring the Seniors at SSC, the Senior Boarder's ski party has been conducted by Brother Joseph Donovan, Senior Prefect, since 1975.

It is held each year at the ski lodge on Jordan River and is the last get-together for all the Senior boarding students.

## EDITORS NOTE . . .

We leave the friends we made, the goals we have achieved, and take with us the memories of what we have done. We learn through this that it is hard to leave, but we go on and look toward the future, because we do not know what it holds. This yearbook reflects this, it shows us visually the best time of our life. The time in our life we will always look back on with joy. I speak for my staff and myself in saying that this year has been an enjoyment. This yearbook reflects that enjoyment.

Thank you, St. Stanislaus.

## ADVISOR'S NOTE . . .

A reflection of one's self at some point in life is an image limited in time by nature. The memory, of that image, however, is not. Football, Homecoming, exam week, Christmas, basketball, banquets, track, baseball, skateboards, dorm life, graduation, parties . . . these and many other things have been included into this yearbook. Hopefully the memory of the year of 1978 has been captured within these covers.

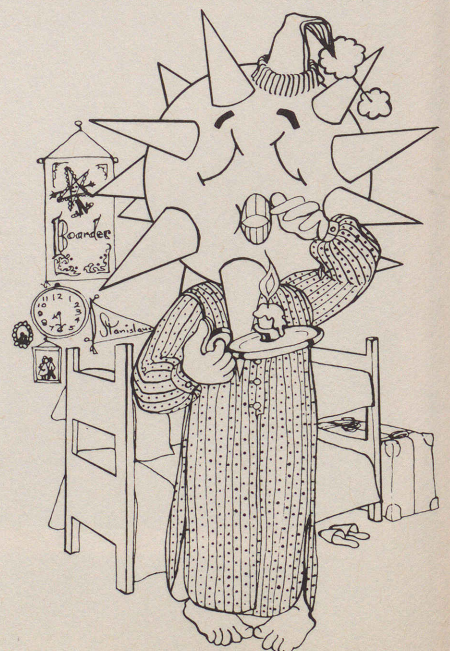

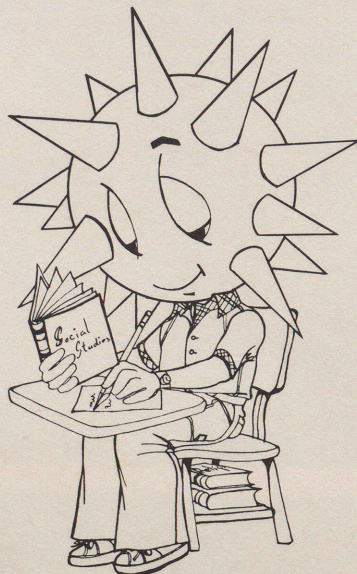

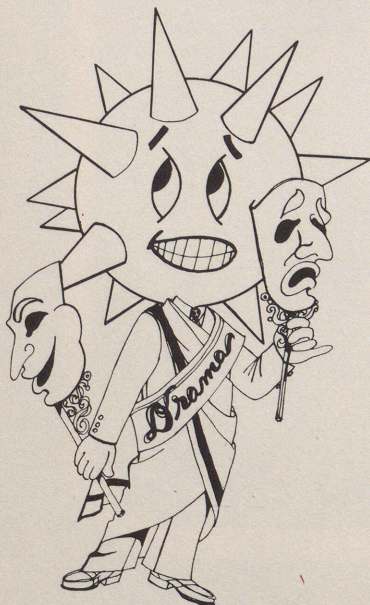

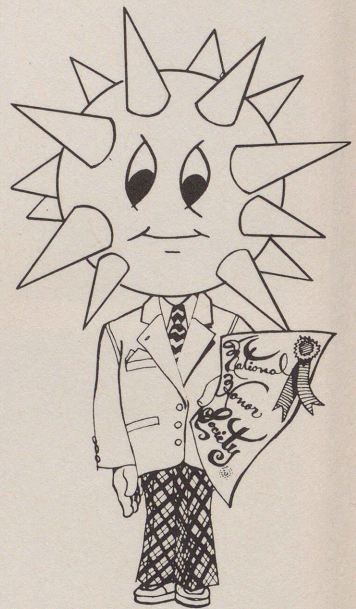

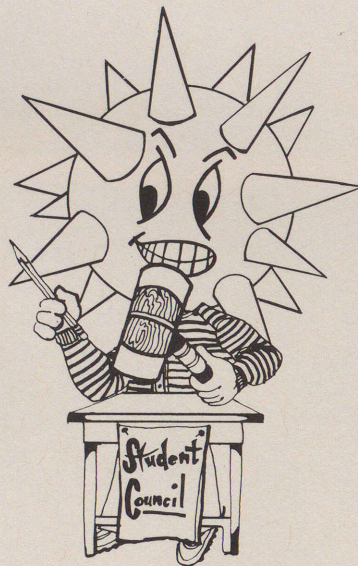

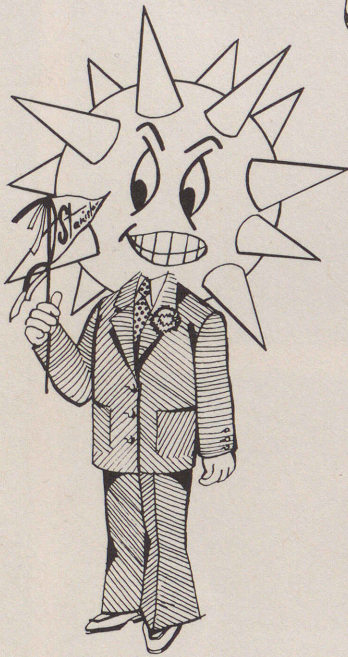

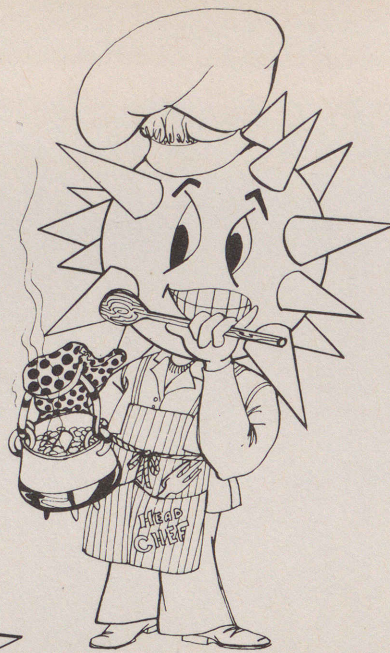

I would like to take this opportunity to gratefully acknowledge the hard work and long hours contributed by the individuals who **were** the yearbook staff of 1978. Without them, this book would not have been possible. Rene, Jim, Roy, David, Gordon, and Tommy, Thank You

Yearbook Advisor
